MP — Hastings—Lennox and Addington

SERVING THURLLOW

HERE TO SERVE YOU!

Our full-time constituency office in Napanee is open Monday — Friday from 9:00am to 4:00pm at 20-B Richmond Boulevard, just off Hwy 401. My staff and I also hold satellite office hours on an every-other-month basis in nearby Stirling, Tweed, and Madoc at the municipal offices and in Tyendinaga Mohawk Territory at the council office. Call toll free 1-866-471-3800 for more info about the dates, or to set up a meeting or a phone call with me or my staff. We are here to help on a wide variety of federal case issues (such as EI, CRA, OAS, CPP, Veterans, and more) as well as to hear your ideas and concerns.

Pictured above: I announced \$100,000 in federal funding through the CFDC for Signal Brewing in Corbyville, contributing to the creation of about 30 new jobs.

I love stopping at Maple Dale Cheese in Thurlow! They are such a great (and tasty) historic asset to our community!

I've held roundtables on both Innovation and Poverty Reduction at the Gerry Masterson Community Centre in Corbyville.

As a hockey player myself, I'm pumped to see the Belleville Sens coming to our community. I met with Roger Lajoie, VP of the Sens, along with neighbouring MP Neil Ellis to discuss this very exciting economic boost in our shared community.

Over \$5.9 million* is invested every month in families in Hastings—Lennox and Addington through our simplified and tax-free Canada Child Benefit, which is targeted to low and middle income families (the families who need it most).

In regions like ours that have higher-than-average levels of child poverty, this means a lot. In our riding, it helps almost 17,000 children!

I mail 4 full-sized seasonal newsletters each year to the whole riding, but also have the option of sending these smaller extra newsletters to specific communities. Are you getting enough information from me already? Please use the survey below to let me know. Please also comment on what kind of information you would like to see from me.

I get enough info from the 4 seasonal newsletters: **Y / N**

I also value the community-specific newsletter: **Y / N**
